4-H Program Safety Regulations (updated 1/04)
Adults and youth participating in all high risk programs, including horses, TV, bicycle, rock climbing/repelling, rollerblading, and ropes adventure courses must wear protective clothing, head and foot gear. Minimum requirements for these programs include:

- Protective headgear (SEI approved for the specific activity) which properly fits the participant.
- Shoes or boots which provide protection from the hazards of said program.
- Clothing appropriate for the activity which will protect the participants from the elements surrounding the event.

The policy means that all 4-H members and leaders (adult or youth) participating in the mentioned projects and/or activities need to use protective or safety equipment while participating. Approved safety helmets need to be worn while mounted or driving a horse, operating a bicycle or ATV, on roller blades, rock climbing or doing a challenge course. If a 4-H club is listed as a sponsor or co-sponsor of an activity which includes the above listed projects, the helmet and safety equipment requirement applies for all participants. This includes adults, as they need to be positive role models.

They may change if animal diseases occur in Wisconsin or elsewhere, so you should always check the website https://datcp.wi.gov/Pages/Programs_Services/FairsShowsSpecialEvents.aspx

General requirements for show organizers

All fairs or exhibitions of any length must obtain, review, and keep for five years all required records and test results:
· Exhibitor's name and address

· Documents showing compliance with disease testing and other health requirements
· Livestock premises number, if any, where animals originated

Diseases Animals that show evidence of having contagious or infectious diseases may not be commingled (or housed/kept) with other animals at a fair, show, or other exhibition in such a way as to allow disease to spread. Such animals should not attend the fair, show, or exhibition. Animals may be denied entry if they arrive at these events with contagious or infectious diseases, isolated and/or removed if they develop disease after arriving, or be subject to other action as would be necessary to control disease. Bovine animals with ringworm, mange, warts or scab will be removed from the fair or exhibition premises, unless the veterinarian in charge finds warts or ringworm lesions are incapable of transmitting disease.

Guidelines for housing and managing animals

The State Veterinarian recommends that exhibitors:

· Vaccinate breeding cattle against bovine viral diarrhea (BVD) at least 30 days before the event

· Test cattle for BVD-PI by immunoperoxidase test, and bring them to shows only if they test negative

· Test cattle for Johne's disease by ELISA test, and bring them to shows only if they test negative
· Clean and disinfect vehicles used to transport animals to and from the show, and vehicles used at the show, before and after the show
· Isolate exhibited animals returning to their farms or animals purchased at the show for 21 days before mingling them with other stock

The State Veterinarian recommends that show organizers:

· House cattle separately from South American camelids and other exotic ruminants
· House cattle separately from small ruminants, especially sheep
· House ostriches, emus, rheas and cassowaries separately from domestic poultry
· House swine separately from any other mammals
· Include a space for the premises registration code on livestock entry forms
· Provide hand-washing stations near all livestock facilities
· Provide individual watering and feeding troughs rather than common ones

ATCP 160.02 Premium requirements.

(1) GENERAL.

(a) The state aid authorized by s. 93.23 (1), Stats., may be paid on net premiums paid by a county or district fair. The department may withhold state premium aid from any fair that does not enforce animal health provisions under ch. ATCP 10 that are applicable to animals exhibited at the fair. State aid will be paid only on premiums actually paid by bank check or draft.

(b) No deductions may be made from premium money won by an exhibitor. Premiums may, however, be withheld where exhibition rules established by the fair association are violated. A written statement of violation shall be submitted to the department to justify action taken by a local fair.

(c) Premiums offered shall be definite in amount. No decrease or increase in published premiums may be made because of the financial condition or the organization or for any other reason.

(d) State aid may be paid on no more than 2 premiums awarded an exhibitor under one premium or lot number in open division individual livestock classes, except poultry and rabbits, and no more than one premium in all other classes, including poultry and rabbits.

(e) No county or district fair may receive state aid for a premium awarded to any exhibitor in the open division if that exhibitor entered the same exhibit in the junior division at the same county or district fair. This paragraph does not apply if the exhibit was entered in the junior division only as part of a herd group, carcass class or performance class.

(f) No state aid will be paid on the cost of ribbons, cups, trophy prizes or entertainment contests.

(2) PREMIUM LISTS.

(a) Premiums for which state aid is requested by county and district fairs shall conform with the uniform premium list and other requirements set forth in these rules. Fairs requesting state aid for net premiums shall submit to the department a printed copy of the premium list used at the fair, as required under s. ATCP 160.92 (3) (c).

(b) The officers of each fair shall mail a copy of the premium list to other associations, societies, or boards conducting a fair in Wisconsin upon request.
(c) Sections ATCP 160.01 through 160.07 and 160.91 shall be published in premium books used by a fair for which state aid is requested.

(3) ENTRY FEES.
(a) A county or district fair may charge an exhibitor an entry fee. The entry fee may not exceed 10% of the sum of all premiums offered to exhibitors in the same class for which the entry fee is charged. In lieu of an entry fee, a county or district fair may charge stall rents for horses, cattle, sheep, goats, swine, poultry, rabbits or pets.
(b) Exhibitors in department 35 shall not be required to purchase an exhibitor's ticket. Any other exhibitor may be required, if no entry fee is charged, to purchase an exhibitor's season ticket at a price not to exceed that charged for a non-exhibitor's season ticket.

(4) SPLIT FAIR DATES.
(a) For purposes of this subsection, "split fair dates" occur when a fair organization judges exhibits or contests and pays premiums at more than one time or at more than one location during the calendar year.
(b) Except as provided under par. (c), the department may not pay state aid for a fair having split dates unless the department gives advance written approval for a split fair. The department may approve split fair dates only if the fair organization justifies the split dates based on extreme hardship. If the department approves split dates, all blue ribbon winners shall repeat their demonstrations or exhibits at the regular fair dates unless the department grants a hardship exemption. An exhibitor may use audio-visual media, still photography or an educational display to repeat a demonstration or exhibit.
(c) The department may pay state aid for the following exhibits or contests in a fair having split dates, regardless of whether the department approves those split dates in advance:
1. Clothing revue.
2. Demonstrations.
3. Favorite foods revue.
4. Dogs.
5. Small animals.
6. Rocketry.
7. Shooting sports.

A county or district fair shall meet all of the exhibition requirements of this section to be eligible for state premium aid.

(1) No fair society or other organization sponsoring a county or district fair shall require an exhibitor to become a member of the organization in order to enter an exhibit at the fair, nor shall the sponsoring organization make any deduction from an exhibitor's premium as a donation to the fair society, or require an exhibitor in any other way to make a donation to the society.

(2) State aid may not be approved for out-of-state exhibits or for separate classes of local and non-local exhibitors. Aid may not be approved for payment of premiums to an exhibitor having an out-of-state address but claiming Wisconsin residency unless the fair secretary provides the department with an affidavit that the exhibitor's residence is geographically located within the state.

(3) State aid may be paid only on articles or animals actually on display in an exhibit building or actually shown in the show ring on regular fair dates unless approval for split fair dates is obtained under s. ATCP 160.02 (4). State aid may not be paid on Dairy Herd Improvement Association records, transportation aid, production contests or other special educational exhibits unless prior approval is obtained under s. ATCP 160.04 (8).

(4) State aid may not be paid on exhibits removed from the fair grounds before 4 p.m. of the last day of the fair, or such other later time as may be specified by the fair, without prior approval of the department. Authority for earlier removal may be granted by the department in case of meat animal sales or other special classes, if requested before the beginning of the fair. In other hardship cases, approval may be granted by the local fair. Exhibits in dog obedience and small animal pet classes may be judged during the regular fair but are not required to remain present during the entire fair. The local fair may prescribe the length of time junior fair exhibitors of horses shall keep their animals on the grounds.

The fair board may establish class entry criteria, including student grade level criteria. Entry classes are open to 4-H members enrolled in a designated 4-H project or an alternative project that follows 4-H project guidelines, and to members of other youth organizations that do equivalent work and apply equivalent guidelines. Exhibits may be judged using the regular or Danish judging system. For each entry class, a fair board may pay first-place to fourth-place premiums at any of the following levels designated by the board:
(a) Premium level one: $2.00, $1.75, $1.50, $1.25.

FACE to FACE Judging Information

Now that you have finished your projects, chosen your exhibits, and completed your entry form, it's time to think about the fair and Judging Day. Many Junior Departments will be judged in the face-to-face style. The following will help answer questions you may have about Judging Day. Face-to-Face discussion is a chance for the youth to receive comments (both good and what can be improved) from the judge. Youth also gain interviewing skills and confidence speaking through the experience.

Schedule:

These following departments will be judged on **Thursday, starting at 2:00 p.m. ending at 4:00 pm**
No exhibits will be accepted past 4:00 p.m.
Exhibitors should come early enough to ensure finishing before 4:00 p.m.

Dept 110 Veterinary Science	Dept 124 Mechanical Projects
Dept 114 Jr Plant & Soil Science	Dept 125 Foods & Nutrition
Dept 115 Jr. Flowers/Houseplants	Dept 126 Clothing
Dept 116 Natural Science	Dept 127 Knitting & Crocheting
Dept 117 Cloverbud/Exploring	Dept 128 Home Furnishings
Dept 118 Cultural Arts	Dept 129 Family & Child Development
Dept 120 Photography	Dept 131 Demonstrations & Presentations
Dept 121 Computer	Dept 132 Youth Group
Dept 122 Woodworking	Dept 133 Youth Leadership/Self-Determined
Dept 123 Electricity	Dept 134 Health & Citizenship

How will it work?

Judges will be stationed at tables in the Exhibit Hall. A sign at each table will indicate which departments are judged by each judge. Exhibitors will stand in the appropriate lines for their exhibits to be judged. For each department, exhibitors select no more than three (3) entries to talk about with the judges.

After the face-to-face discussion takes place, Explorers and Cloverbuds will receive their ribbons. All other exhibitor entries will be sorted by the department Superintendents and Clerks. At 5:00 p.m., the judge will look at each Lot of exhibits and determine placings and issue ribbons.

How long will I talk with the judge face-to-face?

Each exhibit will take about three (3) minutes. If you have more than one exhibit, you will have more time with the judge. You may have to wait in line and, if so, get to know your neighbor!

What might the judge ask?

"Tell me how you made or cared for your project."

"How did you get the idea?"

"What did you learn as you did the project?"

"What would you do differently next time?"

"What did you enjoy the most in completing your exhibit?"

"What was the most difficult part of completing your exhibit?"

Can a parent or leader help me talk about my exhibit?

NO! Parents and leaders must stand back from the table and will not be allowed to participate in the conversation.

Do I need to bring anything other than my exhibit?

Be sure to secure your entry tags to your exhibits and any necessary requirements. Ex: Some exhibits require an explanation card describing the exhibit.

What if I can't come Judging Day?

PLEASE *try to attend*. You will learn a great deal by discussing your projects with the judges.

If there are special, unavoidable circumstances that make it **impossible** for you to attend the Judging Day,
you may send your exhibits to the fair with a friend. BUT, you are encouraged to write a note for the judge, responding to the sample questions above, and attaching it to your project's entry tag.

If an entry arrives without a write-up, the exhibit will still be judged, but it will receive an automatic drop of one placing. If an exhibit is dropped off and has a write-up answering the sample questions, it will not be penalized a ribbon placing.

NATIONAL CODE OF SHOW RING ETHICS

IAFE (INTERNATIONAL ASSOCIATION OF FAIRS AND EXPOSITIONS)

Exhibitors of animals at livestock shows shall at all times conduct themselves with honesty and good sportsmanship. Their conduct in this competitive environment shall always reflect the highest standards of honor and dignity to promote the advancement of agricultural education. This code applies to junior as well as open class exhibitors who compete in structured classes of competition. This code applies to all livestock offered in any event at a livestock show. In addition to the "IAFE National Code of Show Ring Ethics," fairs and livestock shows may have rules and regulations which they impose on the local, county, state, provincial and national levels.

All youth leaders working with junior exhibitors are under an affirmative responsibility to do more than avoid improper conduct or questionable acts. Their moral values must be so certain and positive that those younger and more pliable will be influenced by their fine example. Owners, exhibitors, fitters, trainers and absolutely responsible persons who violate the code of ethics will forfeit premiums, awards and auction proceeds and shall be prohibited from future exhibition in accordance with the rules adopted by the respective fairs and livestock shows. Exhibitors who violate this code of ethics demean the integrity of all livestock exhibitors and should be prohibited from competition at all livestock shows in the United States and Canada.

The following is a list of guidelines for all exhibitors and all livestock in competitive events:

1. All exhibitors must present, upon request of fair and livestock show officials, proof of ownership, length of ownership and age of all animals entered. Misrepresentation of ownership, age, or any facts relating thereto is prohibited.
2. Owners, exhibitors, fitters, trainers, or absolutely responsible persons shall provide animal health certificates from licensed veterinarians upon request by fair or livestock show officials.
3. Junior exhibitors are expected to care for and groom their animals while at fairs or livestock shows.
4. Animals shall be presented to show events where they will enter the food chain free of drugs. The act of entering an animal in a livestock show is the giving of consent by the owner, exhibitor, fitter, trainer and/or absolutely responsible person for show management to obtain any specimens of urine, saliva, blood, or other substances from the animal to be used in testing. Animals not entered in an event, which culminates with the animal entering the food chain, shall not be administered drugs other than in accordance with applicable federal, state and provincial statues, regulations and rules. Livestock shall not be exhibited if the drugs administered in accordance with federal, state and provincial statutes, regulations and rules affect the animal's performance or appearance at the event.

   If the laboratory report on the chemical analysis of saliva, urine, blood, or other sample taken from livestock indicates the presence of forbidden drugs or medication, this shall be prima facie evidence such substance has been administered to the animal either internally or externally. It is presumed that the sample of urine, saliva, blood, or other substance tested (by the approved laboratory to which it is sent) is the one taken from the animal in question. Its integrity is preserved and all procedures of said collection and preservation transfer to the laboratory and analysis of the sample are correct and accurate and the report received from the laboratory pertains to the sample taken from the animal in question and correctly reflects the condition of the animal at the time the sample was taken, with the burden on the owner, exhibitor, fitter, trainer, or absolutely responsible person to prove otherwise at any hearing in regard to the matter conducted by the fair or livestock show.

   At any time after an animal arrives on the fair or livestock show premises, all treatments involving the use of drugs and/or medications shall be administered by a licensed veterinarian.

Any surgical procedure or injection of any foreign substance or drug or the external application of any substance (irritant, counterirritant, or similar substance) which could affect the animal's performance or alter its natural contour, conformation, or appearance, except external applications of substances to the hoofs or horns of animals which affect appearance only and except for surgical procedures performed by duly licensed veterinarian for the sole purpose of protecting the health of the animal, is prohibited.

The use of showing and/or handling practices or devices such as striking animals to cause swelling, using electrical contrivance, or other similar practices are not acceptable and are prohibited.

1. Direct criticism or interference with the judge, fair, or livestock show management, other exhibitors, breed representatives, or show officials before, during, or after the competitive event is prohibited. In the furtherance of their official duty, all judges, fair and livestock show management, or other show officials shall be treated with courtesy, cooperation, and respect and no person shall direct abusive or threatening conduct toward them.

8. No owner, exhibitor, fitter, trainer, or absolutely responsible person shall conspire with another person or persons to intentionally violate this code of ethics or knowingly contribute or cooperate with another person or persons either by affirmative action or inaction to violate this code of ethics. Violation of this rule shall subject such individual to disciplinary action.

9. The application of this code of ethics provides for absolute responsibility for an animal's condition by an owner, exhibitor, fitter, trainer, or participant whether or not he or she was actually instrumental in or had actual knowledge of the treatment of the animal in contravention of this code of ethics.

10. The act of entering an animal is the giving of consent by the owner, exhibitor, fitter, trainer, or absolutely responsible person to have any disciplinary action taken by the fair or livestock show against such individuals published in any publication of the International Association of Fairs and Expositions, including Fairs and Expositions and any special notices to members.

11. The act of entering an animal in a fair or livestock show is the giving of verification by the owner, exhibitor, fitter, trainer, or absolutely responsible person that he or she has read the IAFE National Code of Show Ring Ethics and understands the consequences of and penalties provided for actions prohibited by the code. It is further a consent that any action which contravenes these rules and is also in violation of federal, state, or provincial statutes, regulations, or rules may be released to appropriate law enforcement authorities with jurisdiction over such infractions.

How to Enter Your Items in the Fair

1. Decide on Open Class or Junior Class

Open Class - You are an adult or a youth who does NOT belong to any Sawyer County youth group

Junior Class - You belong to a Sawyer County 4-H club or a Sawyer County youth group under adult supervision with an education program approved by the local Fair, such as Boy Scouts, Girl Scouts, etc.

If you are a youth in a Sawyer County 4-H Club, you must be enrolled in the specific 4-H project area in which you are entering. Any other exhibits can be entered in Open Class.

For safety reasons, youth must be in at least 3rd grade during the current year in order to exhibit animals in Departments 101, 102, 103, 104, 105, 106, 107, 108 and 111.

2. Choose correct department

Open Class departments are 1 -28

Junior class departments are 101- 134

3. Choose correct Class

Many times the class is based upon experience level (amateur, professional, etc.) or breed (animals), Grade level (in Junior), or type of item.

4. Choose correct lot number

Important: You may only enter ONE item in each lot number. Any item entered in a previous Sawyer County Fair is not eligible for competition. All exhibits must be the result of the labor of the person exhibiting.

5. Fill out your entry form and submit

Submit entry forms with your exhibitor fee to the Fair Office for both Open Class and Junior Class. Entry fee is the same regardless of how many items you enter. Youth may enter in both Open and Junior, but need to fill out separate entry forms and pay both entry fees. Anyone exhibiting an animal must also submit the Sawyer County Fair Cage & Pen Form.

6. Bring your items to the fair

The actual items need to be brought to the Fairgrounds the first day of the fair (Thursday) between 11 AM – 4 PM, Junior Class face-to-face judging begins at 2 PM on Thursday.

Exhibits **"for sale"** may be posted only **after** judging is completed in that department.

Exhibits may not leave the fair until 4:00 p.m. Sunday.
